

battery storage container supplier quotation in Portugal 2025

What is the battery Cluster Portugal? Aligned with the national strategy for the energy transition, the Battery Cluster Portugal acts as a catalyst for the adoption of innovative and environmentally responsible energy storage solutions, consolidating Portugal's role as a key player in the global landscape of sustainable energy technologies. Why should Portugal be a reference space for innovation in batteries? To promote the national value chain and innovation ecosystem in the international market for energy storage technologies and materials, positioning Portugal as a reference space for innovation in batteries. How can we strengthen the competitiveness of the Portuguese industrial value chain? To strengthen the competitiveness of the Portuguese industrial value chain and innovation ecosystem in batteries and energy storage technologies, through the development and transfer of new sustainable and disruptive technologies to the global market.
