

## home energy storage tender price in Bulgaria 2026

Why is energy storage growing in Bulgaria? Energy storage in Bulgaria is expanding rapidly as the government awards nearly 10 GWh of capacity to 82 projects, boosting renewable energy reliability and grid stability. How much is the energy investment in Bulgaria worth? The ministry released a statement a day prior to the application window's opening. Energy minister Vladimir Malinov said the investments, worth up to BGN1,153,939,700 (US\$657.4 million) "will guarantee the security and stability of the Bulgarian electricity system." How much money does the NRRP provide for energy projects in Bulgaria? Under the RESTORE initiative, launched through Bulgaria's National Recovery and Resilience Plan (NRRP), the Ministry of Energy has selected 82 projects that will collectively receive BGN 1.15 billion (approximately \$675 million) in public funding. How much money will be invested in Bulgaria's electricity system? Energy minister Vladimir Malinov said the investments, worth up to BGN1,153,939,700 (US\$657.4 million) "will guarantee the security and stability of the Bulgarian electricity system." Tender bids must be submitted electronically, with more information available on this portal. How will the selected storage systems be distributed in Bulgaria? The selected storage systems will be geographically distributed across Bulgaria and connected either to the national transmission grid or local distribution networks. All awarded projects must be operational by March . What is the deadline for submitting project proposals in Bulgaria? The deadline for submission of project proposals was December 5, . The Bulgarian Ministry of Energy announced on December 6 that it has received 151 project proposals worth nearly BGN 5 billion, which far exceeded the available funding of BGN 1.154 billion. Of the submitted proposals, 118 projects--totaling BGN 1.6 billion--were shortlisted. Bulgaria outlines EU-funded tender for standalone The draft for the RESTORE public call for support to energy storage facilities in the electricity transmission system was issued for public consultation. Bulgaria earmarked EUR 589 million for the endeavor, funded Energy Storage in Bulgaria Surges with 9.7 GWh As Europe races toward climate neutrality, Bulgaria's surge in storage capacity signals a shift not only in national priorities but also in regional energy dynamics. Bulgarian tender awards nearly 10 GWh of energy Bulgaria will finance 82 standalone renewable energy storage projects worth over 1.15 billion leva (\$675 million) under its EU-funded procurement exercise named RESTORE. Bulgaria supports 3.1GW of renewables and 1.1GW of storage Minister of Energy Sebastian Burduja yesterday (4 November) signed off some EUR30 million of support for five battery energy storage system (BESS) projects totalling Bulgaria Auctions Off 3GW Renewable Energy and 1.17GW The first group had a contracted power generation capacity of 435 MW and energy storage capacity of 176 MW, while the second group had a power generation capacity Bulgaria allocates close to 10 GWh of energy storage Bulgaria's Ministry of Energy will finance 82 standalone renewable energy storage projects with a combined grant budget of BGN 1.154 billion (~\$675 million) under the EU-backed RESTORE procurement scheme 's Largest BESS Project Now Online in Bulgaria A battery energy storage system (BESS) described as the largest deployed to date in the European Union (EU) has been commissioned in Bulgaria. Officials with the country's Ministry of Energy said Bulgaria opens bidding for 3GWh
